

```
1 // 8.11
2 #include <stdio.h>
3
4 int main(void)
5 {
6     char str[101];
7     int i, len;
8
9     printf("Enter the string:\n");
10    scanf(" %s", str);
11
12    for(i=0; str[i] != '\0'; ++i);
13    len = i;
14
15    printf("Length of \"%s\" is %d\n", str, len);
16
17    return 0;
18 }
19
```
